❖ Committees

- We form various committees for most projects/events. Committees can meet at the member's convenience and youth are welcome to serve. One committee we will be forming this year, will be a Christmas Decor Committee. Once the City of Atkinson completes the replacement of new downtown light poles, the Chamber of Commerce will proceed with the purchase of new Christmas décor. This is an ongoing project and will take a lot of \$\$\$\$. The Chamber has already "softly" started fundraising for this project. More fundraising will be needed in the upcoming year. We welcome ideas and chairpersons and support any efforts for any fundraising dedicated to that project. Would love to see youth serve on this committee and have a "say-so" in the beautification and decoration of our downtown area. This décor will last for decades, and you can be proud to have been a part of bringing it to fruition.

- Are you savvy with a camera and social media algorithms? Are you already attending a Chamber event? We can add you as an admin to any of our online platforms if you'd like to share content.

❖ Journalism

- Do you have a good speaking voice? Create a 30 second ad for the radio. We have recording technology.
